# Inflation Protection Plan with VIP Loyalty Club

## ALL THE BENEFITS OF OUR BASIC CARE PLAN PLUS:

### **Inflation Protection Plan**

The price you pay today for the plan will remain the same as long as your plan remains active. The price you agree to pay will only change if you change the equipment that is covered under this plan or if you choose to let it expire.

### **Equipment Buy-Back Replacement Program**

For each year you remain a VIP Loyalty Club member, you can earn up to \$100 towards the purchase of a new Oliver installed heating and air conditioning system.

## WHAT IS INCLUDED:

- Safety Inspection
- Precision Tune-up
- 24/7 Emergency Service
- No Overtime Rates
- Priority Scheduling for Emergency Service
- Written Service Guarantees
- 10% Discount on all Arrival Fees and HVAC Repairs
- Inflation Protection Plan
- Plumbing Plan (Includes Annual Inspection)
- Electrical Plan (Includes Annual Inspection)
- 10% Off Plumbing and Electric Repairs
- Equipment Buy-back Program (Up to \$100/year/system)

"Since my father started the company in 1971, Oliver has stood for quality work and excellent service. Thanks for the opportunity to earn your trust." — **David Oliver, Owner**

If you purchase an Inflation Protection Plan for your heating and air conditioning units, you will earn \$100 for each year. After 10 years, you will have accumulated \$1,000 towards the purchase of a new heating and cooling system! If you choose to purchase this plan for your heater or air conditioner only, you will earn \$50 per year.

## SERVICES ARE AVAILABLE DAY AND NIGHT TO HANDLE YOUR HEATING, COOLING, PLUMBING AND ELECTRICAL NEEDS!

- Precision inspections on your heating and/or air conditioning units, plus your plumbing and electrical systems to ensure safe operation, and minimize unwanted breakdowns and surprises.
- There are no after hours service charges to come out and diagnose a problem with your heater and/or air conditioner.
- Priority service — we schedule our plan customers first. This will ensure you get a technician to your home as quickly as possible to address your needs.
- Satisfaction guarantee — we do it right the first time and guarantee it in writing.

Enroll in our Monthly Payment Plan today for 12 easy automatic payments!

**HVAC**

Be prepared for extreme weather! Let an Oliver technician perform a precision tune-up on your heating or cooling system. This service can also lower utility bills, extend equipment life, and minimize the chance of a costly repair.

**Plumbing**

Our plumbing technician will inspect and test your home's plumbing system. We will check your water pressure, dye-test all toilets for leaks, test all faucets for proper operation and sink drains for proper drainage, inspect washing machine hoses, and tag main shut off valve, plus more!

**Electrical**

Our electrical technician will inspect and test your home's electrical system. This service will ensure that your electrical system is operating safely. We will take an infrared picture of your electrical panel to identify any potential problems, plus more!
